# Today's talk

- Setting the context
- Formative
- Tools for formative assessment
- Hands on examples
- Conclusions

# Online

- Informal assessment is more difficult online.
- Building a relationship with students is more difficult.
- Reactions, body language, sitting posture, gestures.
- Less spontaneous.
- Needs to be more formalised.
- Needs to be more planned.

# Formative

- Formative assessment, formative evaluation, formative feedback, or assessment for learning, including diagnostic testing, is a range of formal and informal assessment procedures conducted by teachers during the learning process in order to modify teaching and learning activities to improve student attainment.
